# C20 SE

Android Desktop

## **Dependable Android performance for essential business growth.**

The C20 SE is a perfect combination of stability, lightweight construction, durability, and aesthetics, designed to deliver a seamless customer experience right at the point of interaction.

[www.landiglobal.com](http://www.landiglobal.com)

- The durable aluminum alloy design with a triangular base offers stability and balance
- Engage consumers with a large multimedia touchscreen and user-friendly interface
- Intuitive cable management for a clean and professional look

## SPECIFICATIONS

|                                |                                                                                                                                                |                                        |                                                                                                                                                                                         |
